This questionnaire can help instructors improve the quality and effectiveness of their teaching. The college administration will also use it in faculty evaluation. Please answer thoughtfully the questions printed below. After, and only after, you have answered the questions on this page, respond briefly to the specific questions on the back of this form. This form will not be returned to the instructor until after grades have been turned in.

1. What elements of the course and instruction did you find most helpful to the accomplishment of the course's goals?

   I liked how all tests and quizzes were take-home. I also thought that having the notes on the internet to print out before class was helpful in that it allowed me to listen more closely to the lecture.

2. What elements of the course and instruction did you find least helpful? What changes, if any, do you suggest?

   Although I liked having the notes, I'm not sure that I really liked the actual slides. When the other professor was substituting, he went through everything in detail and wrote stuff up on the board, and I felt that I was following more closely with that technique.
