This questionnaire can help instructors improve the quality and effectiveness of their teaching. The college administration will also use it in faculty evaluation. Please answer thoughtfully the questions printed below. After, and only after, you have answered the questions on this page, respond briefly to the specific questions on the back of this form. This form will not be returned to the instructor until after grades have been turned in.

1. What elements of the course and instruction did you find most helpful to the accomplishment of the course's goals?

I thought that the tests and the professor were both challenging yet fair. I enjoyed the class for mostly those two reasons. The derivations were excellent as well, they were helpful in an mathematical understanding.

2. What elements of the course and instruction did you find least helpful? What changes, if any, do you suggest?

The power points are not my favorite, but they work pretty effectively. Otherwise nothing to change.

This form will not be returned to the instructor until after grades have been turned in.

1. What elements of the course and instruction did you find most helpful to the accomplishment of the course’s goals?

   The homework that could be completed in groups was very helpful. The labs were a great way to get to use Excel and ask questions.

   I liked that we walked through examples of every concept in class and used Excel in the class room to show us how we can do things on our own.

   The modeling lesson was a good way for us to discuss our ideas with group members and learn together.

   The fun application of probability with the golf/car game was engaging and interesting.

This form will not be returned to the instructor until after grades have been turned in.

1. What elements of the course and instruction did you find most helpful to the accomplishment of the course's goals?

   The instructor's powerpoint slides (available online) were detailed enough to get more than just key points across. Labs taught excel, which is critical to the course.

2. What elements of the course and instruction did you find least helpful? What changes, if any, do you suggest?

   Graded homework, while useful, might need to be rethought in some way.
Below is a list of questions, not all of which may be applicable to this course. Please answer those which are applicable with a single concise sentence.

1. Describe your own motivation and performance in this course.
   Average motivation and performance.

16. Evaluate the instructor overall.
    Great instructor.
This questionnaire can help instructors improve the quality and effectiveness of their teaching. The college administration will also use it in faculty evaluation. Please answer thoughtfully the questions printed below. After, and only after, you have answered the questions on this page, respond briefly to the specific questions on the back of this form. This form will not be returned to the instructor until after grades have been turned in.

1. What elements of the course and instruction did you find most helpful to the accomplishment of the course's goals?

   He was a great lecturer, a fun to have in class.

2. What elements of the course and instruction did you find least helpful? What changes, if any, do you suggest?

   I did not find the tests helpful, nor the final paper. I feel that a longer, more intense presentation would have been sufficient for a final project rather than restating things from lectures all semester in a final paper.
Below is a list of questions, not all of which may be applicable to this course. Please answer those which are applicable with a single concise sentence.

1. Describe your own motivation and performance in this course.

    \[\text{N/A}\]

15. Evaluate the course as a whole.
    
    \[\text{I enjoyed parts of it, but overall it was too much for a non-econ major/minor.}\]

16. Evaluate the instructor overall.
    
    \[\text{I really enjoyed him, very helpful and nice & a great professor overall.}\]
This questionnaire can help instructors improve the quality and effectiveness of their teaching. The college administration will also use it in faculty evaluation. Please answer thoughtfully the questions printed below. After, and only after, you have answered the questions on this page, respond briefly to the specific questions on the back of this form. This form will not be returned to the instructor until after grades have been turned in.

1. What elements of the course and instruction did you find most helpful to the accomplishment of the course's goals?

Dr. Foley was very well organized. PowerPoint lectures were very helpful. Very approachable and available—always willing to answer questions and explain concepts out of class.

2. What elements of the course and instruction did you find least helpful? What changes, if any, do you suggest?

This class was extremely difficult. 3 tests, 2 presentations, final project, 23 homeworks, and lab every week is a lot of work. Maybe cut down some to make it more manageable.
Below is a list of questions, not all of which may be applicable to this course. Please answer those which are applicable with a single concise sentence.

1. Describe your own motivation and performance in this course.
   
   Motivated & worked hard, but didn't perform as well as I would have liked.

2. Evaluate the instructor's organization of this course.
   
   Great!

3. Evaluate the quality of the lectures.
   
   Great.

4. How effective and fair were the reviews and tests given throughout the term?
   
   Pretty fair (very difficult, but challenging isn't a bad thing).

   V +

6. Was written work evaluated fairly and returned within a reasonable time?
   
   Yes.

7. Describe the effectiveness of team teaching in this course.
   
   N/A

8. To what extent were you encouraged to think for yourself in this course?
   
   A lot.

9. Evaluate the instructor's preparation for the class and/or laboratory.
   
   Always prepared.

10. To what extent did the field trip(s) contribute to your learning?
    
    N/A.

11. Evaluate the quality of the laboratory/studio/workshop sessions in this course.
    
    Good! This did a great job in lab.

12. Comment on the quality of the texts, equipment, or facilities for this course.
    
    Textbook was pretty good.

13. If it was needed, to what degree was help outside of class available and productive?
    
    Always available and very helpful.

14. Evaluate the effectiveness of class discussion in this course.
    
    N/A.

15. Evaluate the course as a whole.
    
    Good course, just really hard!

16. Evaluate the instructor overall.
    
    Dr. Foley is great. Well organized, kept class moving, very personable.
This questionnaire can help instructors improve the quality and effectiveness of their teaching. The college administration will also use it in faculty evaluation. Please answer thoughtfully the questions printed below. After, and only after, you have answered the questions on this page, respond briefly to the specific questions on the back of this form. This form will not be returned to the instructor until after grades have been turned in.

1. What elements of the course and instruction did you find most helpful to the accomplishment of the course's goals?

   I found the modeling and oral presentations the most helpful as well as the weekly lab.

2. What elements of the course and instruction did you find least helpful? What changes, if any, do you suggest?

   I personally believe that the tests are too long. Tests that average out at 6-7 hrs are, in my opinion, excessive. Furthermore, Dr. Foley sometimes moved too quickly when zooming through slides, leaving people confused.
Below is a list of questions, not all of which may be applicable to this course. Please answer those which are applicable with a single concise sentence.

Please answer thoughtfully the questions printed below. After, and only after, you have answered the questions on this page, respond briefly to the specific questions on the back of this form. This form will not be returned to the instructor until after grades have been turned in.

1. What elements of the course and instruction did you find most helpful to the accomplishment of the course's goals?

   I really enjoyed every part of this class. Having notes provided by powerpoint was fantastic, being able to work w/ others for HW was really helpful, and Prof. Foley was always available for office hrs (scheduled & unscheduled). Also very quick to respond to emails. I thought it was fantastic to require us to speak in front of the class twice, I don't really get that opportunity b/c of my major.

2. What elements of the course and instruction did you find least helpful? What changes, if any, do you suggest?

   In the beginning, found it difficult to navigate P-space Website
   & continually went to old Stout's website so was also confused why powerpoint slides were different.
Below is a list of questions, not all of which may be applicable to this course. Please answer those which are applicable with a single concise sentence.

1. Describe your own motivation and performance in this course.
   For my major.

2. Evaluate the instructor’s organization of this course.
   Good.

3. Evaluate the quality of the lectures.
   Great.

4. How effective and fair were the reviews and tests given throughout the term?
   Pretty fair (not easy though!)

5. How effective and fair were this course’s writing assignments?
   Very effective, wrapped everything together.

6. Was written work evaluated fairly and returned within a reasonable time?
   Yes.

7. Describe the effectiveness of team teaching in this course.
   Effective, great TA’s.

This form will not be returned to the instructor until after grades have been turned in.

1. What elements of the course and instruction did you find most helpful to the accomplishment of the course's goals?

I thought lab was really helpful in reiterating and applying what we learned in class, and the homework allowed me to keep up with the material. Also, Dr. Foley made stats much more interesting than it could have been by being a dynamic lecturer, using lots of examples, and the occasional joke.

2. What elements of the course and instruction did you find least helpful? What changes, if any, do you suggest?

Sometimes it was hard to follow the lecture on powerpoints, and it would be easier for me to learn by Dr. Foley doing problems on the board or in Excel for the class.

1. What elements of the course and instruction did you find most helpful to the accomplishment of the course’s goals?

   The graded homeworks were very useful.

   The book was easy to understand.

2. What elements of the course and instruction did you find least helpful? What changes, if any, do you suggest?

   The powerpoint slides made studying for the test difficult since there was so much information.

   I would use a practice problem in class for more abstract ideas instead of just talking about it, mostly for the more important stuff.
