This form will not be returned to the instructor until after grades have been turned in.

1. What elements of the course and instruction did you find most helpful to the accomplishment of the course's goals?

   Take home reviews being untimed. I struggle with time on other tests and it is nice not having to worry about time when I sit down to take a test. This class was hard, challenging and at some times frustrating, but I always felt relaxed walking into class. Also, making powerpoint slides available on the web is a great idea and a wonderful help.

2. What elements of the course and instruction did you find least helpful? What changes, if any, do you suggest?

   I had to get used to the math. Mark's a math major, and I can definitely tell. Once I got used to it, there was no problem. The only suggestion I have is maybe ease students into the math of the course, but that would take away from other parts of the class.
